PADDED WEAPONS SPARRING

This is your chance to use a *bo* in a simulated free-combat situation. Opponents spar with padded weapons using real techniques in a safe environment.

Workshops

SPECIAL SEMINARS

We always learn something special from Kaicho and other black belts.

TUITE

Kaicho's specialty! Pronounced "two-ee-te," these techniques are arm bars and wrist locks which can be used either to control without harm or to disable an attacker. Tuite workshops are offered with instructor approval.

PERSONAL SAFETY / LIFE PROTECTION

A great opportunity for youth. This class teaches street smarts and personal safety, incorporating the application of full-speed, full-power defense techniques against an adult attacker.

KATA WORKSHOPS At camp, a student will typically focus on one Weapons Kata including the applications of that weapon and one Empty Hand Kata and its bunkai.

WEAPONS KATA

Bo, jo, eku, sai, tan bo, kama, chizikunbo, nunchaku. Write your preferred weapon on the registration form (Be sure to have that weapon before camp). Bring your other weapons too.

BYOW: Bring Your Own Weapons
